Email Ad Campaign

Email is perhaps the oldest form of communication over the Internet, but it is still one of the most effective ways to connect with people. Despite the success of new communication channels like social media platforms, it is still the most prevalent communication channel with over four billion email users worldwide.

That is why marketers utilize email marketing campaigns to supplement their overall marketing strategies.

Audience Targeting

HDFC Bank's Retail business is targeted at individuals, salaried professionals, micro and small businesses, such as kirana stores, Self Help Groups (SHGs), and Non-Resident Indians (NRIs). The Bank caters to this segment by customising its products and services. It enjoys a strong position in the Auto Loan and Personal Loan businesses and a leadership position in the Payments business. The Bank also offers Wealth Management Services to High Networth Individuals (HNI).

Challenges faced and Lessons learned in these Internship

Digital marketing intern, I've learned that advertising is much, much more than that — it's creating campaigns geared toward a specific audience. It's optimizing the campaign throughout its lifetime and ending with a better understanding and insight of how to market to that audience in the future. It's meeting the clients' wants, needs and goals. And, it's a whole lot of fun. Heading into this internship right out of college was an eye opener, to say the least. On my very first day, I dove headfirst into the deep-end of digital marketing.

Advertising Goals

HDFC Bank's mission is to be a world class Indian bank. We have a two-fold objective: first, to be the preferred provider of banking services for target retail and wholesale customer segments. The second objective is to achieve healthy growth in profitability, consistent with the bank's risk appetite.

The bank is committed to maintaining the highest level of ethical standards, professional integrity, corporate governance and regulatory compliance. HDFC Bank's business philosophy is based on five core values: Operational Excellence, Customer Focus, Product Leadership, People and Sustainability.

A small green plant with several leaves is growing out of a pile of various coins. The coins are scattered around the base of the plant. The background is a plain, light-colored surface. An orange banner with the text 'THANK YOU' in green capital letters is overlaid across the middle of the image. The banner has a double arrow design on both ends, pointing towards the center.

THANK YOU
